

EASTER EGGS - COLORING BASICS

INGREDIENTS:

Finished heart-shaped or large round lollipops
Royal icing

DIRECTIONS:

1. To make lollipops, follow our standard recipe for making Hard Candy or follow the recipe for Microwave Hard Candy Recipe on LorAnnOils.com. For opaque lollipops, add a few drops of white liquid food coloring along with the other color of choice (pink, yellow, blue & purple are typical colors for conversation hearts).
2. Follow the recipe for making Royal Icing. The consistency should be thick enough to pipe. Fill a piping bag with icing and insert a small round piping tip. Pipe Valentine messages onto lollipops. Allow icing to dry and package in lollipop bags secured with twist ties or tied with decorative ribbon.
